Dear Helen,

Thank you for so effectively handling the sale of our home in Kuraby. Right from your first visit, your advice on presentation set the tone for presenting our home in the best possible way without spending a lot of money. That was invaluable. Your advice on price range was close to the mark and you successfully negotiated an offer that was close to our asking price.

Your communication is outstanding. In a day where many do not bother to respond to emails or phone calls your efficiency in this area is exemplary. You kept your finger on the pulse of the marketing and the sale and informed us of all significant happenings.

Happy Real Estate is well named...you are indeed a breath of fresh air!

You have our sincere gratitude for the efficient and compassionate way you handled our affairs.

Sincerely,

Rex & Michaela Elleray
